CAMPUS
RECRUITMENT

NAAC
GRADE **A**

Dear Esteemed Corporate Associate,

Greetings from East Point Group of Institutions (EPGI), Bengaluru!

East Point, located in India's tech capital, is a hub of exposure and exploration, offering students unparalleled opportunities to connect with diverse individuals and industries. Beyond traditional education, East Point ignites creativity, critical thinking and leadership skills, preparing students to lead with purpose and leave a lasting legacy. The inclusive campus fosters a vibrant community where diversity thrives and every moment be it coding, debating or participating in cultural festivals is an adventure. Spanning 100 acres of lush green campus is a sustainable haven that blends learning with nature. With clubs in every department promoting collaboration and growth, which enhance communication and leadership skills, East Point equips students to thrive and make their mark on the world.

VISION

We aspire to be a globally recognized institution that transforms students into skilled professionals, innovative thinkers, and ethical leaders across engineering, management, pharmacy, and healthcare. Our goal is to empower them to achieve career excellence and contribute meaningfully to society through knowledge, innovation, and integrity.

MISSION

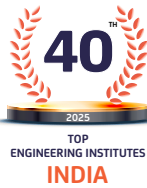

To achieve our vision, we are committed to delivering industry-aligned, future-ready education through a cutting-edge curriculum, hands-on training, and research-driven teaching. We foster collaborations with industries, hospitals, and startups to address real-world challenges, promote sustainable and ethical practices, and serve both local and global communities. We focus on the holistic development of our students by nurturing leadership, teamwork, ethical values, and a lifelong learning mindset.

Accreditation, Approvals and recognition:

East Point College of Engineering and Technology

East Point College of Engineering and Technology (EPCET) offers B.E., M.Tech, and Ph.D. programs across disciplines such as Computer Science and Engineering, Computer Science and Engineering (Artificial Intelligence & Machine Learning), Computer Science and Engineering (Artificial Intelligence & Data Sciences), Computer Science and Engineering (IoT & Cyber Security), Information Science and Engineering, Electronics and Communication Engineering, Mechanical Engineering, and Civil Engineering. The college is known for its state-of-the-art labs, experienced faculty, and industry-aligned curriculum. The placement cell at EPCET has consistently brought top recruiters like Infosys, TCS, Wipro, and Tech Mahindra, enabling students to secure jobs in both IT and core engineering sectors.

East Point College of Higher Education

East Point College of Higher Education offers programs such as BBA, B.Com, BCA, MBA, MCA and M.Com emphasizing leadership, entrepreneurship, and analytical skills. Through internship opportunities, case-based learning, and industry interactions, students are groomed for roles in finance, marketing, HR, and consulting. The placement cell invites companies from diverse sectors to ensure excellent career opportunities for graduates.

East Point College of Pharmacy

East Point College of Pharmacy (EPCP) provides diploma, undergraduate, and postgraduate courses in pharmaceutical sciences. With access to well-equipped labs and experienced faculty, students are prepared for roles in production, quality control, clinical pharmacy, and research. The placement cell connects students with top pharma companies, R&D centers, and regulatory organizations.

East Point College of Nursing

East Point College of Nursing (EPCN) offers B.Sc. and M.Sc. Nursing programs, focusing on both academic excellence and clinical competence. Students undergo training at East Point Hospital and various affiliated health care institutions. The placement department ensures career opportunities in reputed hospitals across India and abroad.

East Point College of Physiotherapy

East Point College of Medical Sciences and Research Centre (EPCMSRC) offers MBBS and allied health science programs with advanced clinical training through its attached teaching hospital. The institution emphasizes hands-on learning, ethical medical practice, and research. The placement guidance cell supports graduates in obtaining placements in top hospitals, government postings, and facilitates preparation for postgraduate medical entrance exams.

East Point College Medical Sciences and Research Centre

East Point College of Medical Sciences and Research Centre (EPCMSRC) offers MBBS and allied health science programs with advanced clinical training through its attached teaching hospital. The institution emphasizes hands-on learning, ethical medical practice, and research. The placement guidance cell supports graduates in obtaining placements in top hospitals, government postings, and facilitates preparation for postgraduate medical entrance exams.

Technical & Non-Technical Training Programs at EPGI

At East Point Group of Institutions (EPGI), we are committed to empowering students through a comprehensive blend of technical and non-technical training programs. Our approach integrates the expertise of in-house trainers and external industry professionals, ensuring students receive the best of academic guidance and real-world exposure from their first year through to graduation.

Technical Training

We prioritize technical competence as a core pillar of professional success. Our technical training includes

- ✓ Hands-on workshops
- ✓ Immersive lab sessions
- ✓ Industry-oriented mini-projects
- ✓ Competitive coding sessions from the first year

Students are guided by in-house technical mentors and external coding experts to build strong foundations in competitive programming, preparing them for national-level contests and technical recruitment tests.

For final-year students, we offer cohort-based specialized training programs such as:

- ✓ Full Stack Development (FSD)
- ✓ Salesforce Platform Training
- ✓ Workforce Analytics and Solutions (WAS)
- ✓ Amazon Web Services (AWS)
- ✓ VMware
- ✓ Infosys Spring Boot Training

These cohorts are led through collaborative sessions by EPGI faculty and external corporate trainers, giving students practical exposure to technologies currently in demand across industries.

Non-Technical Training

To complement technical capabilities, our non-technical training focuses on developing crucial soft skills and aptitude. This is delivered entirely by our dedicated in-house aptitude and soft skills trainers, ensuring continuity and personalized attention from the very first year.

Our non-technical training includes:

- ✓ Aptitude development (quantitative, logical, and verbal reasoning)
- ✓ Communication and presentation skills
- ✓ Leadership and team collaboration
- ✓ Problem-solving and emotional intelligence
- ✓ Career readiness and personal grooming

Through mock interviews, group discussions, resume-building sessions, and personality development workshops, students gain the confidence and articulation required to succeed in today's competitive job market.

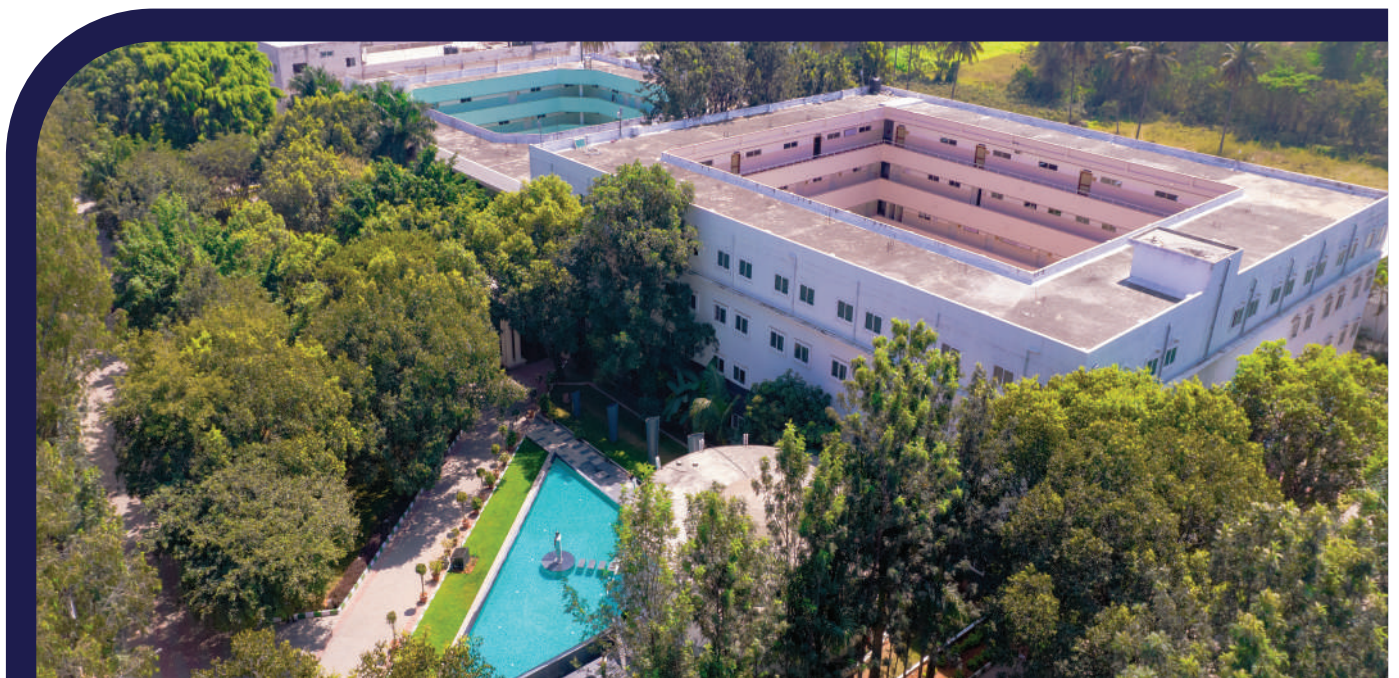

Innovation & Entrepreneurship Cell

At EPGI, the Innovation & Entrepreneurship Cell fosters creativity and idea generation through hands-on activities and mentorship. Students are encouraged to explore emerging technologies and develop as innovators and entrepreneurs. With strong infrastructure and expert support, we nurture forward-thinking individuals ready to tackle real-world challenges.

Student Clubs

EPGI's student clubs go beyond the classroom, offering workshops, seminars, and competitions that build practical skills and confidence. These clubs bridge the gap between theory and application, promoting personal and professional growth through networking, mentorship, and industry engagement.
